When you're looking for a way out...

If the stats are correct, this is the time of year most people are likely to be planning a holiday. Apparently, we are all far more productive at work when we have things to look forward to and take regular holidays. You don't need to travel far to achieve that feeling of calm and rest either. Here's some ideas to inspire the wanderlust in you; wonderful holiday homes owned by our inspiring M.D, Gillian Harwood, who has an excellent eye for lovely buildings and creating gorgeous living spaces.
